Summary

I recently completed my **Bachelors in Information Technology** and further polished my web development skills through completing a WordPress course on **Digiskill** platform, which greatly boosted my expertise and knowledge in web development. I complete a virtual Internship at **Internee.pk** as *WordPress Developer*.

My objective is to create user-friendly and efficient websites that are visually appealing and easy to navigate. I utilize my skills in HTML, CSS, Bootstrap, JavaScript, jQuery and PHP to develop websites that meet all the requirements of the client. Seeking a role that allows me to harness my expertise in WordPress Development to produce captivating and user-friendly websites.

One of my achievement is developing a Hotel Booking Management System during my semester project. It was an incredible learning experience that has further inspired my passion or web development. Second Project is Creating a Clone of Internee.pk Website in WordPress.
